

Benefit Ice Hockey Tournament
www.HockeyFightsMS.org

AUGUST 8 – 10, 2008
Wyomissing, PA

Proceeds Benefit
“PROJECT RESTORE”

About Us

Founded in 2005, Hockey Fights MS is a benefit ice hockey tournament whose mission is to raise money for research into the cause and cure of Multiple Sclerosis. Multiple Sclerosis (MS) is a chronic, potentially debilitating autoimmune disease that affects the central nervous system. Called a “demyelinating” disease, MS induces the immune system to attack the fatty myelin sheath that insulates the nerve fibers carrying signals between the brain and the spinal cord. When myelin is destroyed or damaged, the ability of the nerves to conduct electrical impulses to and from the brain is disrupted, producing the various symptoms of MS.

In some people, MS is a mild illness, but it can lead to permanent disability in others. Some symptoms include, but are not limited to, changes in cognitive function including problems with memory, attention, and problem-solving, dizziness and vertigo, chronic fatigue, difficulty in walking due to balance or coordination problems, abnormal sensations such as numbness and tingling, various types of pain, vision problems, etc. Affecting more than 300,000 people in the United States, Multiple Sclerosis is unpredictable and varies in severity from person to person.

So far, treatments to halt the immune attack on the nervous system that triggers MS have been only partially effective. Medicine can slow the process, but, for many, the long-term outcome is the same. This is why we need your help! By registering for the **Hockey Fights MS Tournament** you are helping us – helping ME - find a cure for MS.

Thank you for your support!

Candice J. Arnold
Founder/Director
Diagnosed 2005, age 25
